Black people in Brixton, Tottenham, Liverpool 8, and Southall, recently rose up against the rising tide of racist police violence.

On Saturday 28th September 1985, Mrs Cherry Groce, an innocent black woman, was shot and paralysed, at her home, by armed police, supposedly conducting 'routine inquiries'.

On Saturday 5th October, Mrs Cynthia Jarrett, another innocent black mother, died as a result of a police raid on her home.

In both cases, the anger and the frustration felt by the local community led to spontaneous uprisings.

The experiences of black people of the police are bitter, as testified by the cases of the Bradford 12, Winston Rose, Colin Roach, the Newham 7, Junior Service, Eustace Pryce .....

Black people in all communities must unite to defend our liberty against rising state racism, which has resulted in us suffering all kinds of injustices, including mass unemployment, police violence, ghetto housing, and poverty conditions.

This demonstration has been called to demand that **Inspector Lovelock be immediately arrested and charged with the attempted murder of Cherry Groce. The officers responsible for the death of Cynthia Jarrett should be similarly arrested and charged.**

**We call for an independent public inquiry into the shooting of Mrs Groce, and the killing of Mrs Jarrett.** Because of past experiences, we have no confidence in a police, or a judicial, inquiry. The community must define the terms.

Injustice has been compounded by the media lies and distortion of the events.

**THIS CAMPAIGN IS TO ENSURE THAT JUSTICE IS DONE !**
